

Dear Colleagues,

The time of our Conference is coming close.

We have sent you acceptance of oral and poster presentations – the lists are posted at: <http://www.frpm09.com/Programme.php>. Please check the list and if you have any concerns/comments, please contact the Conference Secretariat. We still accept poster abstracts – **feel free to send them until the end of June.**

You may still save **100 EUR** by registering and making the payment before **June 29. The deadline for final registration has been changed to July 31.**

We would very much appreciate your early registration as this will determine the size of the conference room and many other elements of the organizing works.

**You may book accommodation through the travel office ORBIS** – the information on recommended hotels as well as the booking form are available at: <http://www.frpm09.com/accommodation.php> Block booking is made until the send of July. Remember: **Do NOT send** the booking forms to the Institute.

On September 1 we are having a picnic at the **Museum of Agriculture in Szreniawa** (<http://www.muzeum-szreniawa.pl/?q=en>) near Poznan. During the picnic we will be visiting the museum with English-speaking guides, having a chance to try freshly baked Polish traditional bread, grilled meat, typical salads and Polish beer. Polish folk music band will play for us, and you also may go up a viewing-tower to have a look at the neighbouring area of Wielkopolska National Park. **The picnic cost is only 50 EUR!**

We are planning publication of selected papers in **Polymer Degradation and Stability** and the other papers (also the best posters) in **Nova Science Publishers, New York**, please be ready to come to the conference with prepared full papers.

**Full program will be sent to you in July and it will be posted on the Conference website.**

Looking forward to see you in Poznan.

Organizing Committee
